Payment must have a USPS postmark to avoid penalties. Where an envelope containing payment of local taxes contains no US Postmark date, payment of such taxes is deemed to have been made on the date payment is received. We will not accept Post Dated checks. **Cash is not accepted.** For your convenience there is a Secured Drop Box on the front porch. **If you have an escrow account forward this bill to your bank.**

Do not use your bank's bill pay services to pay your taxes because the Receiver's Stub must accompany your check for payment, and bill pays do not have dated postmarks. Payments returned for any reason will incur a fee and be treated as a Delinquent payment.

The last day that taxes may be paid to the Village of Upper Nyack is October 31, 2022. All payments after this date must be paid to the Rockland County Department of Finance at Building A, 50 Sanatorium Road, Pomona, NY 10970.

If any check received is returned for insufficient or uncollected funds, the tax shall not be considered paid until payment is made in full with a Certified Bank Check or Money Order.

We will no longer be stamping tax bills "Received", your cashed check is your receipt. You can go to the Village website to view/print your "Paid receipt" within 36-72 hours after processing.

Hi Karen,

Just touching base, following-up on our discussion from Tuesday evening.

As you know, my background is in psychology, as researcher, clinical and professor. One of the things I have noticed over the last twenty years is that our current approaches to mental health are broken. Deaths from suicide and substance abuse topped those of covid last year for those thirty and under. I think we have all experienced and seen sky-high anxiety over the course of the pandemic.

Mindwell Labs was created to provide a new vision for mental healthcare, integrating ideas from the eastern philosophies of mind, but also holding ourselves to a high-degree of research rigor. The Mindwell Labs approach is built on three core principles:

1. More accurate and precise assessment
2. Personalized treatments so you find the style of psychology that works best for you
3. Real-time interventions - guided classes and skills exactly when you need them.

The current program we are offering is 6-weeks long. It is geared towards anxiety reduction, utilizing a specific philosophy which seeks to transform anxiety into creative action (rather than just get rid of the uncomfortable symptom). That is, we are teaching people to sublimate their uncomfortable feelings, not just jettison them.

Our program is created to be more precise than current psychological methods, much less inexpensive (\$5 per month v \$1000 per month), and highly scalable (so you can utilize it even if no healthcare providers are available). This allows us to solve some of the main problems we find in mental healthcare across the country in a way that works for everyone.

Another pro for Upper Nyack is that this space of digital mental healthcare is going to be the next big technology sector to emerge. If Nyack can become a hub for this type of technology, I think the whole Hudson Valley could boom.

The program will also be offered on the iPhone and Apple Watch platforms, so if people do have these tools, they can utilize them to improve their experience in the class.

Please let me know if there is anything else you may need from me to move this process forward. Like I said, I received a small grant to offer this program, so there is no charge for me or anyone (as long as we can get a dozen people or so), and if we can get at least 10 Apple iPhone users, Mindwell Labs can donate \$500 to Upper Nyack or any charity of the town's choice (maybe Soup Angels or something). Full disclosure : I am the founder of Mindwell Labs and current Chief Science Officer.

Thanks again for hearing me out.

Looking forward to the next step.

- Shaun

Subject: Local law #7 of 2022

I am writing in reference to ordinance 2.2 part D of Local Law #7

1. No vehicle shall be parked or left standing at any time on Van Houten Street, or on the north side of School Street, and no other vehicle shall be parked or left standing at any time on Lower Castle Heights Avenue east of North Broadway

I moved to 6 Van Houten Street in 1984. From that point until the industrialization of North River Shipyard in 2015 there weren't any No Parking signs on the north side of Lower Castle Heights from Ellen Street to the turn up to Van Houten Street. We could park cars on the north side of the street without being ticketed. In 2015 suddenly No Parking signs appeared and we were told that there hadn't been parking allowed there since the early 70's. That was news to the neighborhood since we had been parking there without being ticketed. Parking enforcement seems to be based on the increase in large truck traffic since the industrialization of the North River Shipyard. The streets of the Van Houten Landing neighborhood can not handle the tractor trailer traffic to the Shipyard.

I propose that the regulations on Lower Castle Heights from Ellen Street to within 20 feet of the end of the street be changed to No Parking Monday through Friday 8am to 6pm. Existing Upper Nyack regulations would prohibit over night parking. That will allow access to the North River Shipyard during their working hours, but give residents the ability to have evening and weekend parking for guests and workers. There is parking allowed on the west side of Ellen Street which is a much narrower street.

Thank You for your consideration,

Mort Korn

VILLAGE OF UPPER NYACK - AMENDMENT TO ZONING MAP (UN-104A)

"The proposed action is deemed to have no significant negative impact on nearby municipalities, County or State roads or facilities, County Parks or Drainage Systems or the surrounding Neighborhood Character and, therefore, the ACTION IS FOR LOCAL DETERMINATION. Approval does not necessarily mean we endorse this subject action as desirable from the viewpoint of your municipality.

Under Article 12-B the County of Rockland does not render opinions, nor does it make determinations, whether the item reviewed implicates the Religious Land Use and Institutionalized Persons Act. Proponents of projects are advised to apply for variances, special permits or exceptions, hardship approval or other relief.

Pursuant to New York State General Municipal Law §239-m(6), the referring body shall file a report of final action it has taken with the Rockland County Department of Planning within thirty (30) days after final action. A referring body which acts contrary to a recommendation of modification or disapproval of a proposed action shall set forth the reasons for the contrary action in such report.

Karen - As you know, the Village and Friends of River Hook are jointly planning an event at River Hook on June 18, with a working title of "Celebration of Art at River Hook". The event will be an Artists' Reception begin at 4pm, and will feature a new exhibit from Lisa Levart featuring photographs of women of the Ramapough Lenape nation, as well as the Sculpture Path exhibit, and will be part of the Village's 150th Anniversary commemoration.

Consistent with other artist receptions, Friends of River Hook would like to offer refreshments to include small glasses of prosecco or wine, bottled water, and light snacks. We anticipate that these items would be provided by Salonniere Coffee Bar via their miniature food truck -- which was featured at the recent Arbor Day event -- or provided by the Friends itself, if necessary. The beverages and snacks would be offered to attendees free of charge (Friends of River Hook will cover the cost). Friends will also take responsibility for removing any waste from the Preserve, resulting from the beverages/food.

We are seeking the Board of Trustees' approval of this proposal. Please let me know if you need any further information. Thanks!

Paul Curley
President, Friends of River Hook
