Job # 2021104

Chairman Williams,

This project is for a one story second floor addition at the rear of a split-level home. All new siding, trims, and roofing will match existing in material and color. New windows are by Anderson 400 series 1/1 without muntins. The support posts will be steel painted white.

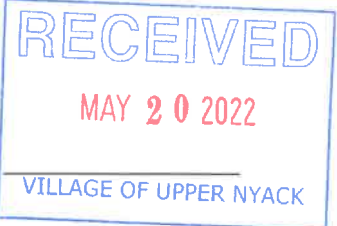

The project was reviewed by the planning board on 5/18/22 and referred to this board for review. Please call if there are any questions or any additional project requirements.

Respectfully,

A handwritten signature in blue ink that reads "Kier B. Levesque".
