

The “chicken run” will be a square perimeter around the chicken coop and this is not a permanent structure. It will be removed every night and set up every morning in order for the chickens to be let out to graze the yard within the closed perimeter. The fence will be a 10x10 and it will always be kept 25 feet away from all property lines.

The Fence will be a square of 10X10.
The fence will encapsulate the chicken coop.
